

Conditions for the Referral Discount

- If you refer a prospective student who then becomes an enrolled student at Webster Leiden Campus, both you and the referred student will receive a discount to be applied to your subsequent tuition fees. An enrolled student is defined as a student who takes a minimum of two graduate courses or four undergraduate courses per semester and has paid for their first year of study - payment must be received within one year of referral.
- The discount is rewarded at the end of the referred student's first year of study and is applied to the referred student's account after full payment for that year has been made. The discount can only be paid out in cash where it results in a credit balance on the students' accounts at the end of the academic year. Your reward for referring an undergraduate student is a one-time discount of €600; the reward for the new referred student is a one-time reduction in tuition fees of €200. Your reward for referring a graduate student is 15% of the course fees of the incoming student's first year (restricted to a maximum of two courses) and to be applied against fees for your ongoing or subsequent degree. The discount for the referred student is 5% of their course fees for the first year of study (up to a maximum of two courses) to be applied against the outstanding balance on the student's account.
- You must be a current student of Webster Leiden Campus to participate in this promotion. Webster Leiden Campus employees, instructors and their relatives are prohibited from participating.
- It is possible to earn vouchers for referring up to five people who subsequently become enrolled as students at Webster Leiden Campus.
- The referred student must confirm that he/she wants to apply via the 'Referral discount program' and state the name of the referring student in the first conversation with the Admissions staff. In the case of any dispute, Webster Leiden Campus has the sole discretion as to your and the new student's eligibility for the reward.
- Webster Leiden Campus reserves the right to terminate this promotion and to amend the terms therein before the expiration of the program.
- Online courses are excluded from this discount promotion.
